Databases, Tools: MySQL, MongoDB, Git, GitHub, FastAPI

Education

Vellore Institute of Technology <i>B.Tech in Computer Science and Engineering</i>	Sept 2022 – May 2026 <i>CGPA: 8.88/10</i>
Central Board of Secondary Education <i>Senior Secondary Education</i>	May 2022 <i>Percentage: 90%</i>
Central Board of Secondary Education <i>Secondary Education</i>	May 2020 <i>Percentage: 88%</i>

Work Experience

Suraj Construction Company <i>Software Engineer – Intern</i>	Aug 2026 – Present
- Created and maintained the company website to improve its online presence and showcase projects, services, and company information. - Designed the company's workflow and reporting system to manage daily tasks, updates, and work reports efficiently. - Worked with the SEO team and managed social media accounts to improve online reach and audience engagement.	

Projects

Oratio <i>AI-Powered Speech Analysis Platform</i>
- Deployed an AI-driven platform for multi-modal analysis of speech, facial expressions, and language to provide meaningful public speaking feedback. - Integrated multiple ML models for speech transcription, emotion detection, and linguistic analysis across audio and video inputs. - Implemented a scalable full-stack system with parallel processing, secure authentication, and interactive dashboards for performance tracking.

Suraj Construction Company Website <i>Corporate Infrastructure Website</i>
- Created a responsive company website to showcase infrastructure projects, services, clients, capabilities, careers, and enquiries. - Used React, TypeScript, Tailwind CSS, and reusable components to develop clean and scalable website pages. - Added responsive layouts, optimized images, and smooth navigation for a fast and consistent desktop and mobile experience.

Achievements & Leadership

GirlScript Summer of Code 2025 <i>Mentor</i>
Mentored 50+ open-source contributors on full-stack development practices and code reviews.
Zelestra Ascend Challenge 2025 <i>Finalist (Rank 35/7,400)</i>
Designed a high-precision solar efficiency model using ensemble learning techniques.
The Eureka Club <i>Social Media Team Lead</i>
Led a 15-member team to execute engagement strategies, increasing event participation.
